

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and \$1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by W. J. Gilbert.

Hopkinsville, Ky., Dec. 3.—The
first tobacco sales of the season on
three loose-leaf floors of Hopkins-
ville were held yesterday. There was

a large number of buyers, spirited
bidding and highly satisfactory prices
were paid, an average of from \$8 to
\$8.50 all around established by the
buyers in the country being main-
tained.

The aggregate offerings were 50,
000 pounds, all grades being shown.
The range of prices follow: Trash,
\$4.25 to \$5.50; lugs, \$6 to \$6.75;
common leaf, \$7.50 to \$8.50; med-
ium leaf, \$9 to \$10, and good leaf
\$10 to \$11.25.

LIVESTOCK.

Louisville, Dec. 3.—The receipts
of hogs were 1,249, for the week
thus far 6,301. There was a pretty
good demand for all weights, and on
account of a light supply, the trade
opened with prices 5c higher than
yesterday, selected hogs of all
weights selling at \$7.40, with roughs
out at \$6.75 down. The pens were
well bleached but the trade made a
slow finish on account of some other
markets being lower.

Cattle.
The receipts of cattle were 219
head, for the week thus far 1,813.
The buying crowd was rather small,
the demand limited, and but little
doing in any avenue, there was no
material or quotable change in
values. Choice handy weight butcher
cattle were the sought-after class,
and they sold readily at steady to
firm prices. The medium and in-
ferior kinds, as well as heavy
butcher steers, were more or less
neglected and slow to change hands.
The feeder and stocker market was
just about ready. Bulls steady, can-
ners dull. Milch cows unchanged.
No prime heavy cattle here, feeling
easy.

Calves.
Receipts 55, for the week thus far
394. The market ruled firm with
the bulk of the best veals 8@8 1/2c,
some fancy higher, medium 6@8c,
common 2 1/2@6c.

Sheep and Lambs.
Receipts 11, for the week thus far
313. The market ruled steady, the
best fat lambs selling to the butchers
at 5@5 1/2c, medium and culls slow
at 3@5c. Fat sheep 2 1/2@3c down.

NEW OFFICER

WILL HAVE CHARGE OF EVANS-
VILLE DISTRICT.

Capt. G. W. Kirkpatrick Will Be
Succeeded By Lieutenant
Carrithers.

After two years of faithful service
as officer in charge of the Evansville
recruiting district for the U. S. army,
Capt. G. W. Kirkpatrick, of Evans-
ville, has been relieved and is suc-
ceeded by First Lieutenant Truman
W. Carrithers, who will enter upon
his new duties January 1, 1911. Cap-
tain Kirkpatrick will join his com-
mand in the Fifteenth cavalry at
Fort Myer, Va., near Washington, D.
C. During his service as recruiting
officer he has performed diligent
service, keeping up the good record
made by his predecessor, Captain
William L. Reed, Eighth Infantry.
He is an excellent officer and a gen-
tleman and his departure is regretted
by all the officers of the Evans-
ville district.

Lieutenant Carrithers has been sta-
tioned at Fort Niagara, N. Y., where
he has been in command of Company
H, 29th Infantry. He is ordered to
report at Columbus Barracks, Ohio,
for instructions in the methods of ex-
amining recruits, and on or about
January 1 to relieve Captain Kirk-
patrick at Evansville. This is his
official army register: Truman W.
Carrithers, born in Illinois, July 28,
1882, appointed to the Military Acad-
emy from Illinois June 13, 1899;
commissioned second lieutenant
Twentieth Infantry June 11, 1904;
first lieutenant Twenty-ninth Infan-
try September 12, 1909. He is a
young man and well fitted for the re-
sulting service.

Captain Kirkpatrick's release will
go into effect January 1, 1911. Ser-
geant C. A. Blake, who is in charge
of the Paducah station, is well ac-
quainted with the new officer, having
served with him in the Philippine
Islands from 1903 to 1905. At that
time Carrithers was first lieutenant
of Company A, Twentieth Infantry,
and Sergeant Blake was quartermas-
ter sergeant of Company D.

STATE CROP REPORT.

Frankfort, Ky., Dec. 3.—The crop
report of the Kentucky Agricultural
Department issued is summarized as
follows:

There have been a number of re-
ports of dry weather causing the
wheat and rye not to germinate well.
There was quite a good deal of late
seeding. There is little acreage of
rye sown on the state. There seems
to be quite a good deal of rotten
corn, especially in the western part
of the state. Many farmers say that
this has been the best fall for gather-
ing corn in years, the dry, cool
weather for it. A number of coun-
ties report the need of rain for fall
pasture and wheat and rye.

Some splendid yields of corn have
been reported, from 60 to 80
bushels per acre, but, taking the
whole state, the yield is 27 bushels
per acre. In some sections of the
state the crop was short. There is
not a very large acreage of alfalfa
grown in the state. Some counties
report an increased acreage.

DUN'S REVIEW.

New York, Dec. 3.—R. G. Dun &
Co.'s weekly review of trade says:
Business, while not as large as
was anticipated a year ago, is never-
theless of fair proportions and rests
upon a basis of economic conditions
which in the main are satisfactory.
The encouraging features are the un-
abated agricultural productivity of
the country, the absence of demoraliz-
ing speculation, the lowness of
mercantile stocks, which contribute
so largely to soundness of the situa-
tion, the conservatism of the
banks as the guardians of the coun-
try's credit, and the signs of in-
creasing relaxation in the money
market.

A noteworthy development of the
week was the decision of the steel

LAUGH

With Ellis Parker Butler in
The Red Book Magazine

"Pigs is Pigs," as you all know,
brought Ellis Parker Butler fame.

Now there isn't a humorous
writer living who commands a higher
price per word.

One of the funniest sketches
which he ever wrote is "Washington
Wiggles and the Hot Air Balloon."
It is in the December Red Book
Magazine—the issue now on sale.

There are 17 stories in this re-
markable issue, picked from 1,800
stories submitted to us each month.

The cost of these stories, the
picturing and the publishing ex-
ceeded \$40,000. Among the writers
are these:

Hamlin Garland
Hugh Pendexter
Gouverneur Morris

Alfred Henry Lewis
Broughton Brandenburg

But note the masterly stories by
writers of lesser renown—by writers
just coming to fame. Note "The
Great Love Experiment," "The Blue
Lady," "Thicker Than Water," "The
Difficult Road."

Think of 17 such stories for 15
cents—all those wonderful pictures
included. All because of a million
readers and an army of advertisers.

The Red Book Magazine seeks
the greatest stories written, regard-
less of what they cost. Our readers
demand exceptional stories—we
can't use the commonplace. For
any gems among stories—such as
appear in our December issue—
we gladly pay any price.

manufacturers to maintain prices, and
although new business is much
below productive capacity, yet there
is an encouraging outlook for im-
provement, and the Pennsylvania
railroad's large order for rails is a
hopeful sign. Large shipments of
dry goods for spring distribution is
another encouraging indication, and
the outlook in the shoe trade is de-
scribed as brighter. Re ports from
most of the large cities while not dis-
guising the fact that the volume of
transactions is below normal, in-
dicate improvement and a generally
hopeful feeling.

Prices in the dry goods market are
generally steady, and there is a be-
lief in some quarters that higher
values will be forced by the high cost
of raw material. There has been
some selling of lineas and colored
cottons as well as more trading in

print cloth yarn goods, and con-
vertibles. Gingham continues
strong. Some small business with
China was consummated during the
week in cotton goods, but other ex-
port trade is quiet, although ship-
ments on old orders are very fair.
Silk mills have a very good business
booked. Yarn markets rule quiet.

In the shoe trade wholesalers
throughout the country are more ac-
tively engaged, and in consequence
are placing larger orders with the
New England manufacturers. Sales-
men on the road are also doing
more business with retailers. Some
labor troubles have developed in
different shoe manufacturing centers,
but these are not of a serious nature.
Trade in leather continues quiet,
with considerably more business
effected in sole than in upper stock,
on account of the fact that cloth

and other materials than leather are
still being substituted to a large ex-
tent in the uppers of women's shoes.
Harness and belting leather is in
moderate request, but trade in kid
is dull.

without smoke or smell. Has automatic-locking flame spreader which
prevents the wick from being turned high enough to smoke, and is easy to remove
and drop back so the wick can be quickly cleaned.

It has a damper top and a cool handle. Indicator always shows the amount
of oil in the font. The filler-cap does not need to be screwed down; it is put
in like a cork in a bottle, and is attached to the font by a chain, and cannot get lost.

The burner body or gallery cannot become wedged, because of a new device
in construction, and consequently, it can always be easily unscrewed in an
instant for reworking. The Perfection is finished in japan or nickel, is strong,
